Gratitude from our Executive Director

Dear Friend,

We are beyond grateful for your contribution to and support of Methodist Family Health Foundation. Because of YOU, we are able to provide the best possible care to those who may need our help. Because of YOU, the Arkansas children and families we serve are able to receive the emotional, spiritual, behavioral, and psychiatric services and tools they need and deserve. Enclosed in our gratitude report, you will find examples of things you have made possible in our most recent fiscal year.

Your gifts make a difference and are transformational. Thank you once again for your support, generosity, and partnership.

Amanda Smith

Gratitude for Opportunities

From July 1, 2022 to June 30, 2023, Methodist Family Health Foundation continued to support Methodist Family Health in our mission to provide the best possible care to those who may need our help. Methodist Family Health Foundation looked to you, our donors, and partners, for guidance and assistance, to help serve 4,322 Arkansas children and youth.

You stepped up, and together, we were able to host successful fundraising events such as our 9th Annual Southern Silks Stakes, which took place in-person after two years of being virtual, and our Share the Light Christmas Campaign, which allowed us to visit with our state's Methodist churches and many community groups.

In March, we were able to launch our annual Get Up & Give Collection project and the Arkansas Methodist churches, small groups, businesses, and community groups helped us exceed our in-kind donation goal and raise funds for the donation closet. Without these contributions, the children and families in our care would not have the necessities they need to maintain personal dignity or succeed in their daily activities. Items such as shower gel, shampoo, deodorant, underwear, school supplies, shoes - things many of us take for granted - made a difference to the children and families we serve. To receive these gifts and understand they are valued by their community made a positive impact in their psychiatric, behavioral, and emotional healing.

Another significant accomplishment you helped us achieve during fiscal year 2023 was our ability to provide educational resources to those in our inpatient, residential, and outpatient programs. Students in our Little Rock Day Treatment program learned about science, technology, engineering and mathematics (STEM) projects through donated Rube Goldberg kits. Grant funding provided art therapy and education to several programs in our continuum. Additionally, grants allowed us to provide educational resources to the children in our care, preparing them to return to their communities and schools.

Grants

In our most recent fiscal year (July 1, 2022 – June 30, 2023) YOU helped Methodist Family Health Foundation assist Methodist Family Health in caring for more than 4,332 children and families throughout Arkansas. Your financial gifts to Methodist Family Health Foundation allowed us to provide 102,243 services to the children and families in our care throughout the state.

We are grateful to YOU for your contributions, which make the programs, therapies, and resources our patients need possible.
